PERLSTEIN-HAMBERGER:
The wedding of Herman Perlstein, the popular merchant of this city, and the daughter of a wealthy St. Louis merchant, Miss Belle Hamburger, will occur in St. Louis at the home of the bride, on January 20th. After a wedding tour of a few weeks they will return to this city where they will reside in the superbly furnished residence of Perlstein which he is just now finishing for the purpose. The News joins his many friends here in wishing him the full complement of conjugal bliss in their marital relations.

H. H. Hargis has spent several days on his claim near town getting under way improvements that are going to make him a comfortable home. He has a very select piece of dirt which he is rightfully very proud of.

PROPER VENTILATION OF CARS

It is very important that railway cars be adequately and properly ventilated

In sleeping cars especially, passengers appreciate pure air—an absence of that stuffy atmosphere which means headache and car-sickness

All Pullman sleeping cars on the Rock Island are now equipped with the new Garland ventilator, a most effective device

The Rock Island was the first western road to install the ventilator on its coaches, and is today the only line having them in general use

It is just one more point of advantage in Rock Island service
